

MIAMI POLICE TRAINING CENTER MLMP Workshop

Lead Instructors: Daniel Puder and the My Life My Power team has joined forces with James Ream (Senior Police Officer with over 20 years experience, Field Training Officer, former member of the Special Response Team, President of the Los Angeles School Police Association, Vice President of the Los Angeles Coalition of Police and Sheriffs, and the National Association of School Resource Officers Instructor). Together, they have been speaking around the nation at leading conferences and workshops to teach about how the My Life My Power program can make a positive and lasting difference in the lives of our youth in our schools and after-school programs.

COURSE OVERVIEW: This workshop will focus on the challenges facing our schools, safety personnel, parents and students. It will present several approaches for law enforcement and school staff to collaborate in reducing the frequency of bullying, violence, drug and alcohol abuse, and other campus issues. The MLMP program involves all parts of the community; uniting for the common goal of improving the lives of youth.

Attendees will receive an update on current social issues and youth problems. Learn preventative, proactive approaches to these issues; add to the tools for improving the identification, the communication and prevention of negative consequences, while supporting productive habits that are based on mentoring, positive self esteem, goal setting and character building. Attendees will become certified MLMP Trainers following completion of the workshop.
